

Georgios E. Stavroulakis, Professor, Technical University of Crete (www.tuc.gr) . He is Director of the Computational Mechanics and Optimization Laboratory (www.comeco.tuc.gr) and the Computer Aided Design Laboratory (<https://www.cadlab.tuc.gr/el/archi>) at the School of Production Engineering and Management (<https://www.pem.tuc.gr>) . He is member of the Managing Boards and past president of the Greek Association of Computational Mechanics (gracm.ntua.gr) and the Hellenic Society for Theoretical and Applied Mechanics (<http://hstam.ntua.gr/>).

He holds a Diploma and Doctorate in Civil Engineer, Aristotle University of Thessaloniki, a Habilitation and the title of Privatdozent for Mechanics, Department of Architecture, Civil Engineering and Environmental Sciences at the Carolo Wilhelmina Technical University, Braunschweig, Germany and Honorary Professor, from the Department of Civil Engineering at the Jordan University of Science and Technology, Irbid, Jordan. He has been Chairman and Dean of the School of Production Engineering and Management and Deputy Rector and Head of the Quality Assurance Unit at the Technical University of Crete (2013-2017). He has about 40 years experience in the field of computational mechanics and structural analysis while he has been involved in many research and development projects. He is the author of several scientific books, chapters and publications in peer reviewed international journals and Conference proceedings and has been the supervisor of more than 10 PhD Theses, with graduates active in industry and academia.
